STORMED INTO GOLF

TOMMY LEE
 (TEAM CAPTAIN, PUTRA CUP)

ON retiring from the international badminton scene, he took to golf in Ipoh.

Being an outstanding athlete, he adapted very fast to the game. Soon he stormed into the amateur scene and gained national recognition.

Yee Khan was big and strong. He was a very long hitter and could match many foreign players who competed here.

He was capable of playing some good rounds of golf.

His round usually had more birdies and eagles than most players but he also had a

lot of dropped shots.

I remember during several Malaysian Open tournaments, he would finish the first nine several strokes under par. This would place him amongst the leaders only to drop shots on the back nine.

He represented Malaysia several times and was a member of the team that won the Putra Cup in Hong Kong.

Yee Khan was really an exceptional sportsman.
