TEENAGE FRIENDSHIP

JEAN MOEY
(UBER CUP PLAYER)

H He was a real good friend. We have known each other since our teenage years.

He loved badminton. Whenever we communicated, he would bring back those glory days, his teammates, and his coaching stints.

I can still remember his partnership with Ng Boon Bee when they ruled the world. His devastating smashes was something. I believe they can take on the smashes of today's doubles pairs.

He was one of a kind.... a good player, very generous, likeable, reasonably good cook, and loves to sing.

Another trait he possessed was that he had a knack for interesting story telling.

His generosity is worth mentioning.

He brought the past Thomas Cup and Uber Cup players for a couple of days stay at the Seaview Resort. All expenses were borne by Yee Khan.

We had a memorable reunion on Pangkor Island. This is when I found out he was also a deft hand in churning out mouth-watering dishes. Yee Khan was really a character.
